

COMPAÑÍA MINERA CONDESTABLE S.A.

Empresa inscrita en el Registro Público de Minería Ficha 6363 desde el 16 de noviembre de 1962.

SAFETY, HEALTH AND ENVIRONMENT POLICY STATEMENT

CONDESTABLE MINING COMPANY S.A. is a company dedicated to mining-metallurgical activities of exploration, development, beneficiation and transport of copper ore. Being aware of its social responsibility, CONDESTABLE MINING COMPANY has stated as a main objective the achievement of highest performance standards in Safety, Occupational Health and Environment, assuming the following commitments:

- 1) Create the necessary conditions for the existence of a safe and healthy work environment through the implementation of a Risk Management Integrated System.
- 2) Comply with the applicable Peruvian legislation and with other requirements that the company subscribes in connection with Safety, Occupational Health and Environment.
- 3) Promote continuous improvement of its productive activities and management system, incorporating the technological progress according to the organization's technical and economic feasibility.
- 4) Prevent and control any impact that may affect Safety, Health and Environment.
- 5) Carry out Safety, Health and Environment training programs to raise its workers awareness and improve their cultural level.

This policy shall be distributed to all workers, without any distinction whether they belong to Condestable or to subcontractor companies; and it shall be made available for the public at their request.
